

## OUR VISION

Our benevolence fund is designed to help people in our community during unforeseen circumstances. We hope to show the love of Christ by coming alongside you in your time of need. We do this in various ways through limited financial assistance or by referral to food banks, social services, and spiritual/financial/general counseling.

**A copy of your ID is required for assistance. You are only eligible to receive financial assistance once a year.**

## OUR PROCESS

**Your request will be reviewed within 21 days, and upon a decision, you will be notified by phone or email.**

The decision made by The Experience Community Church or its representatives regarding financial assistance is final, and there is no appeal. The money is granted as a gift, and repayment is not expected.

**The form is located on the back of the brochure.**
